

Suunto "Pick the World Records" challenge

...broken/unbroken???

...who???

...how deep???

This year at Vertical Blue Suunto is giving you the opportunity to win a Suunto D4 freediving computer worth \$500 as well as Vertical Blue team shirts.

All you need to do is accurately predict whether any world records will be broken during the Vertical Blue event, and if so to whom and with what depth.

Athletes of both genders will compete in three disciplines, so there are 6 records that can be potentially broken. Current world records are:

mCWT male constant weight 113m Guillaume Nery

mCNF male no fins 86m William Trubridge

mFIM male free immersion 108m William Trubridge

fCWT female constant weight 95m Natalia Molchanova

fCNF female no fins 60m Natalia Molchanova

fFIM female free immersion 85m Natalia Molchanova

So start studying the 20 Vertical Blue athletes, whose profiles will be uploaded to this site.

Follow the links to their websites and personal blogs, and keep your ear to the ground for any secrets or inside information!

This competition is open to the public, but not to anyone participating in the Vertical Blue event, families of the athletes, or to employees of Suunto.

Entries must be made before 9pm EST on Tuesday March 31.

IMPORTANT: only entries made as comments to this blog (click "comments" underneath) will be accepted.

For each record you need to list whether you think it will be broken, and if so who will hold it at the end of the competition, and with what depth.

If you select "unbroken" you cannot also select an athlete and depth!

Please also list your estimated dive time for one (*and only one*) of the world records (to use in the event of a tiebreaker). For example:

mCWT broken Hercules 114m

mCNF unbroken

mFIM unbroken

fCWT broken Oprah 99m 3'05" dive time

fCNF broken Catwoman 61m

fFIM unbroken

The winner will be selected by the following method.

1. correct prediction of whether the record is broken or not = **1 point**

2. if broken, correct prediction of athlete who retains record at the end of VB = **1 point**

3. if broken, correct prediction of depth of record at conclusion of VB = **1 point**

1st prize: Suunto D4 and Vertical Blue team shirt

2nd prize: Vertical Blue team shirt

mCWT broken Herbert 115m 3m48srnmCNF broken Will 88m 3m23s (in a new Orca Alpha)rnmFIM broken Will 111m

3m55srnfCWT unbroken rnfCNF broken Kat 61m 2m41srnfFIM unbroken rnrnNo pressure, eh guys? Good luck to all; we'll be watching with great interest.

by Chris on 2009-02-09 14:24:29

Will, your comments section doesn't like line breaks ☐

by Chris on 2009-02-09 14:25:51

IMPORTANT: ONLY INCLUDE ONE PREDICTION FOR DIVE TIME (Chris please choose which one you would like to submit)

by *Francisco* on 2009-03-27 08:52:34

I'm about posting my list. Just got here a question, before doing that: Does anybody know something about Dave Mullins? Why isn't he there? Could be more excitement in CWT, if he was in the competition, I think. However it's just my point of view.

by *Isti* on 2009-03-27 09:05:45

Dave was invited, but unfortunately couldn't make two trips abroad this year, and will be focusing on training for the Indoor World Championships in August.

by *will* on 2009-03-27 10:48:00

Thanks for the info Will. I feel really sorry! Anyway fingers cross for you! I cannot wait this extraordinary event!

A world record normally refers to the best international performance ever recorded in a specific skill or sport. The world famous book, the Guinness World Records, collates and publishes notable records of all types, from first and best to worst human achievements, to extremes in the natural world and beyond;
Now i have to go for ccnp exams.
Thanks;
